

Where We Fly From

We have launch sites in the Billericay and Brentwood area, Chelmsford, Braintree, Halstead, Kelvedon and Colchester areas.

How To Give A Balloon Flight As A Gift

A balloon flight makes a wonderful gift. We supply a gift voucher that is ideal for any occasion or celebration and valid for 12 months. When you buy your voucher we can either post or email a colour gift voucher along with our brochure and flight information pack.

This can be presented to the recipient who then has the option to choose their own flight date, or you can have their flight date pre-arranged in advance for them. From late March to October we schedule a number of flights each week as passenger demand requires and whether the voucher is for one person or more, all will be made to feel most welcome on the flight.

The Most Romantic Way To Fly

How many times have you seen a hot air balloon floating serenely through the air and wondered what it's like to do that?

Perhaps you have thought about doing it yourself or giving it as a present for someone else. Now the opportunity to do this and enjoy this romantic way to fly or to give it as a present to someone is yours, with Essex Balloons.

Hot air ballooning is one of the most fascinating ways to take to the skies.

The experience is one that will stay with you for years to come.

Safer Flying

Essex Balloons is the longest running hot air balloon operator in Essex and Suffolk. All our balloons have been specially constructed for passenger safety and comfort. We were among the first in the country to introduce seats into our baskets for safer flying and are proud to hold an excellent safety record. We are fully insured and licensed by the Civil Aviation Authority.

What the Balloon Flight Experience Includes

We meet our passengers at one of our designated launch sites, where the pilot and ground crew introduce themselves and give a safety briefing. The balloon is then prepared and inflated ready for flight. There is often more than one balloon present, making it an amazing sight to behold. With our passengers on board we take to the skies and float over the beautiful and diverse Essex countryside for about an hour before landing to be met by our ground crew.

Back to earth with a glass of Champagne

Champagne is served after every flight with Essex Balloons, making it even more memorable, whether you are celebrating a birthday, anniversary, or are just along for the ride of a lifetime. The choice of refreshments also includes Bucks Fizz and orange juice. Once celebrations are complete we return all our passengers to the launch site by licensed minibus. The whole balloon flight experience lasts between 3 and 4 hours.

Souvenir In-Flight Photo

After the flight you have the opportunity to order an in-flight photograph of yourself with the other passengers in the basket during the flight.
